Educator Information

Academic year:

Educator name:

District name:

School building:

Subject:

Course:

Grade:

Interval of instruction:

Start date:

End date:

Learning Goal

Describe the learning goal:

Identify the content standards associated with the learning goal:

Describe the student population with attention to diverse learners:

Methods of instruction:

Assessment and Evaluation

Select the Assessment:

Describe the Assessment:

Describe the Evaluation Procedures:

Describe how the assessments and evaluation procedures may be differentiated to meet the needs of all students described in the student population:

Growth Targets

Document baseline data collected:

Will there be a midpoint check-in?:

If you answered "Yes" to the previous question, please describe the midpoint check in:

Using baseline data, identify growth targets for your student population:

Outcomes

Unsatisfactory

Needs Improvement

Proficient

Excellent

Rating:

Percentage passed:

Educator signature:_____Date:_____

Evaluator signature:_____Date:_____

Date of approval:_____

Addendum 1:(Growth Targets)

Insert your baseline data here.

Addendum 2:(Outcomes)

Number of students in SLO: _____

Number that achieved growth target: _____

Percent achieving growth target: _____

Number that achieved growth target divided by the Number of students in SLO. All percentages are based on a round rule of rounding up from the hundredths; for example, using the State Default model – 50.45% rounds up to 51% and thus a Proficient ranking.

Rating: _____

Compare the resulting percentage to the pre-determined rating percentages (Excellent, Proficient, Needs Improvement, or Unsatisfactory) to manually identify your rating.

Important Note for Mac users: The "Export as .doc" (Word file) option will not work for Mac users. To get your summary into Word format you will first need to use the "Print" (.pdf) option, and then convert that PDF file to Word format. To do this click on the "Print" (.pdf) option to save your summary as a PDF on your computer, then visit the PDF Converter website (https://www.freepdfconvert.com/pdf-word?gclid=CIOT0dye_McCFQUIaQodwvIPUQ) and follow the directions provided.
